Strategy

The TCM Multi-Cap Growth Equity strategy seeks to provide long-term capital appreciation and principal preservation by managing a concentrated, high-quality, growth portfolio that is differentiated from the overall market.

Investment Characteristics

Tran Capital has maintained the same investment philosophy for over 40 years. Our process is rooted in the belief that earnings growth ultimately drives stock valuations as compounding occurs over time.

HIGH CONVICTION

- Invest & allocate to highest conviction ideas
- Differentiated portfolios with high active share
- Sharpens portfolio level risk management and enables rigorous and diverse research

QUALITY GROWTH

- Portfolio consists of high-quality companies with defendable moats
- Weighted towards structural compounders versus opportunistic investments
- Returns driven by compounding of earnings and cash flow as opposed to multiple expansion
- Focus on capital allocation and returns on invested capital

LONG HORIZON

- Look beyond consensus towards long-term signals
- Allows time to work for, not against, investments through compounding
- Capitalize on price dislocations caused by short-term volatility and noise
- Optimize for tax efficiency

CAPACITY CONSTRAINED

- All-Capitalization approach expands investable universe
- Greater scope to find underfollowed companies
- Allocate investments with agility across market capitalizations

Past performance is not indicative of future results. The actual return and value of an account will fluctuate and at any point in time could be worth more or less than the amount initially invested. Performance is provided as supplemental information and is based on the Multi-Cap Growth Equity Strategy Composite. Performance results reflect all income, gains and losses and the reinvestment of interest and other income. All rates of return are reported "NET" of fees. Additional information regarding the policies for calculating and reporting returns is available upon request.

The S&P 500® is an unmanaged stock market index and is not available for direct investment. The S&P 500® Index represents the stocks of 500 leading U.S. publicly-traded companies from a broad range of industries. The performance of an unmanaged index reflects no deductions for fees, expenses or taxes which would affect performance of actively managed assets. The volatility of the S&P 500® Index may be greater or less than the volatility of the portfolios in the composite. PSN All Cap Core Universe is provided by Informa Investment Solutions, Inc.(PSN) and is not available for direct investment. The holdings presented represent the model portfolio and are classified using Global Industry Classification Standards (GICS).
